Jack -

Wow! I finally found a spot to write in this crowded Yearbook.

I was for this year in Pierre's class and then in Whittemore's.

Terms were surely a blast and

Every time I see a can of cheese I think of you. And

last year it was you and

your makeup! I won't forget

all the fun it has been.

I will miss your

distinctive yell on the

court and maybe, just

maybe, I'll miss one

of your dirty jokes. Now

who is going to tell you

to get your hair cut...

Lots of love to you -

CHS will never be

the same!!

"It is difficult to say what is impossible,
for the dream of yesterday is the hope of today
and the reality of tomorrow."
— Robert H. Goddard

Do it. I dare you. Go that extra mile. Venture out onto that limb. Launch your own rainbow. He who fears risk fears life itself, for what is life but a challenge to transcend the limits set by men who dared not try.

ONE: Our expectations were high as the Cavemen made their 1982 debut. TWO: Chickens are people, too. Just ask Dean Ricker! THREE: The beauty of the academic courtyard is captured by the eye of the camera. FOUR: Move over "Joan" Valerie "Jet" Gonzalez and Gus "Blackheart" Wedin are on the loose. FIVE: Piggy Power! Who in this world can live without friendship?
He that isolates himself is like the wind-scattered
leaf, separated from the tree that gives it
life.

ONE: Tourists enjoy a day in the sun on the Carlsbad
Riviera. TWO: Are Terry Navarro and Rhonda Gomez
experiencing second childhood, or . . . ? THREE: Beth Rob-

friendly skies. FOUR: We are just down-home, friendly ole
folk here in the Land of Enchantment.

We Love You Cavemen

"Success is biting off more than one can chew ... and then chewing it."

You don't **have** to be a high school student to love the Cavemen - but it sure helps! Loyal fans followed the football team regularly and gave them their whole-hearted support. Mascot Benny Anaya brings added luck and excitement to each game. The Cavemen Band continuously impressed us with spectacular halftime performances. The fans leapt to their feet as the Cavemen tore the run-through.

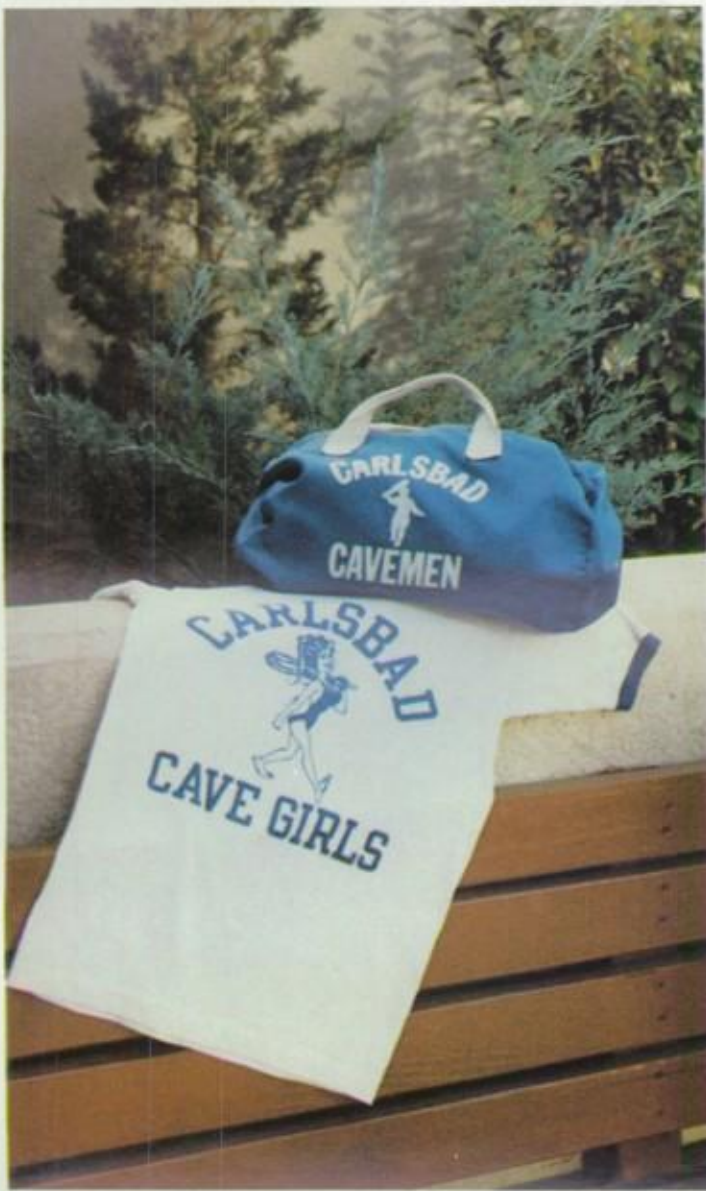

"Our greatest glory consists
not in never falling ,but
in rising every time we fall."
— Oliver Goldsmith

To his hometown, one owes his utmost loyalty, for it is there that
the seeds of pride and honor are instilled within the garden in his
heart. Different people band together, much like the different
hues of a prism blend to form the awe-inspiring rainbow.

A World Apart

"No person was ever honored for
what she received;
honor has been the reward for
what she gave."
— Calvin Coolidge

Homecoming Court selection is not just a popularity contest. It is the recognition by the student body of those girls whose personalities best capture the spirit of C.H.S.

Just when you think tomorrow will never come . . .

Graduation. The day we've anticipated for so long has arrived and suddenly we're not so glad. We will all go our separate ways, leaving behind dear friends and precious memories. The trite arguments and ill feelings we have sometimes had now seem childish and unnecessary; we've built some walls where we should have built bridges. Time has a way of glossing over the bad and illuminating the good; let us all come back to our ten-year reunion as friends.

ONE: Jinny Hernandez completes the final step to graduation - passing PAD. TWO: Ty Crews waits patiently as Ralph Vasquez, Student Council President, addresses the student body. THREE: Claudia Ryan spends a solitary moment waiting for the crowd. FOUR: Ruth Pinckert dreams of things to come.

Ahead Of The Rest Is The Best!

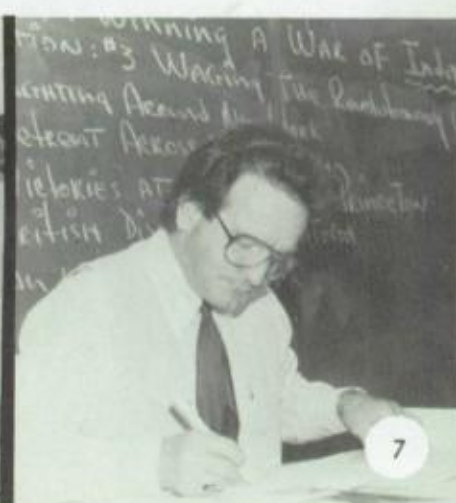

This is a year of firsts. We have, for the first time, two assistant principals, Mr. Doug Lynn, Sr. Mr. David Chavez. We also have started registration by computers this year. As principal, Mr. Henry is in charge of public relations, finance, and other important necessities. Mr. Lynn is in charge of scheduling, testing procedures, and classroom management. Mr. Chavez is in charge of major discipline problems, fire drills and building and maintenance. Mr. Henry feels the main problem at CHS is that students just don't get as involved academically as they should. He would like to see school spirit improve in the future.. These are our leaders in this school. They are a very special breed. Our school board is comprised of men and women elected by the community to govern the body of our school system. Decisions concerning teachers' contracts, curriculum, attendance policy, student behavior rules, school lunch menu regulations and other school policies are made by the school board.

As all things come to an end, so does one's career. Mr. Richard Miller is completing his final year of teaching at CHS and what an impact he has made. Mr. Miller has been teaching high school art for almost 30 years. He graduated with a bachelor of art from Northwestern State in Oklahoma, then received his masters at the University of Oklahoma. Mr. Miller has been in charge of the Junior/Senior Prom. The "World of Disney" was his favorite. He supervises painting of the Senior Rock. He has made many contributions to the school in past years including this year's Caveman mascot, the Caveman.

When asked what he would miss most about CHS he replied, "Everything. The classes, the kids, just everything." Well, Mr. Miller, we at CHS will miss you too. No one else could ever do what you have done for us.

In A Spirit Of Friendship . . .

"... and good will as we prepare for lives of service in office occupations. We work together to attain the goals of OEA and pledge our loyalty to our nation." This is exactly what those students who are in OEA try to accomplish. OEA is one of our three work-study programs. These students receive one hour of classroom work and an average of three hours of on-the-job training to perfect their office skills. They work hard and maintain their average grade, and to top it all off, they get paid for doing this! Doesn't that sound like a good deal?

Welcome To Our World

Just picture it. As a foreign exchange student you are in a completely new environment, no where to go and no one you know! Just when you're about to fall apart, along comes International Club to lend a helping hand. When Claire Franchot, (top right) from Paris, France first came to Carlsbad, members of the club greeted her with signs and friendship. The International Weekend held in March is where all surrounding exchange students meet here to see old friends and make new ones. So, if you're interested, come on along and join in.

Capitol Hill, watchout! Why? The C.H.S. Band is coming! They are flying by charter jet to Washington, D.C. to stay one week. During this week they will be marching in Washington and in Philadelphia along with giving concerts. In their extra time they will be touring the city. This is an honor for our band, and we should be proud of them.

Color Guard Color Guard Color Guard

Have you ever wondered why Color Guard always looks so good? One reason is Mr. Pat Henry. (right) They have been under his supervision for two years now. From the looks of things, everything seems to be well under control. In fact, they have been asked to march in Washington, D.C. for the Independence Day parade along with the band. Another reason why they look so good is because of their captains. (bottom left) They're the experienced ones of the bunch that take control of their group. They risk getting a flag in their back when they tell you to get in line or pay attention. After all the fussing and fighting though, it's worth it. They have their annual band banquet at the end of the year and seeing those smiles, you know the medals they've received are a great pride to them.

(Facing page, bottom left) Our captains for the 1982-83 year are Dawn Tippings, Vickie Johnson, Jackie Carrigan, and Yvonne Rascon. (bottom right) The excellent rifles you see on the field at halftime consist of these members. Tammy Nance, Yvonne Martinez, Shawn Gadbury, Rolando Gomez, Marsha Sandoval, and Scott Lance. Not pictured is rifle captain Vickie Tavaréz. Also not pictured are Drum Majors Tonya Madron and Tammy Nance. (Bottom Center) The rest of the girls making up a fine performance with their flags are (front row) Minnie Martinez, Priscella Gomez, Nancie Carrasco, Verna Brown, LaDawn Hatley, Shara Goodson, Kathy Nesbit, Stephanie Hansen, Tina Hallet, Yvonne Rascon, Patty Ybabén. Sounds Of Perfection

To get in Troubadors you have to be a good singer. These are the most advanced choir students. They are the main group taken to competition. Classical music and tone production are emphasized.

1. Troubadors practice during class. 2. Julie Carpenter and Angie Dalton 3. The air conditioners get real cold sometimes. 4. Mrs. Brashear. This is her first year directing at Carlsbad. 5. These are the lucky people who made All State. Before you go try out, you have to learn an ensemble that they pick and a solo that you pick. Tryouts are in Roswell where you sing your solo, ensemble, and a total memory test. Then you have one week of biting your nails until you find out who made it. If you make it, you have to learn on your own 5-7 songs. Then another week later you go to Albuquerque for four days. The first day you have to audition again to see if you know your music. The next two days are spent practicing. Then the last day is the concert performance!

These lucky people are: Letha Boyd, Stacy Taylor, Dean McAllister, Katie Burleson, Raylene Devers, Kristi Hodnett, Julie Carpenter, Jennifer Olson, Eleyce Griffith, Debbie Williams, Glen Price, Angie Dalton, Tracy Taylor, Kelli Harrell, Shannon Lynch, Beth Funk, Rena Gonzales, Rosanne Waltersfield, Natalie Patrick, Stephanie Hansen, Kari Bars, Cynthia Edwards, Toni Laird, Chris Heine, Melanie Willhoit, Elizabeth Edwards, Lenne Shoupe, Kelly Marlow, Doug Lynch, Allen Dickerson, Walter Carr.

Something For Everyone!

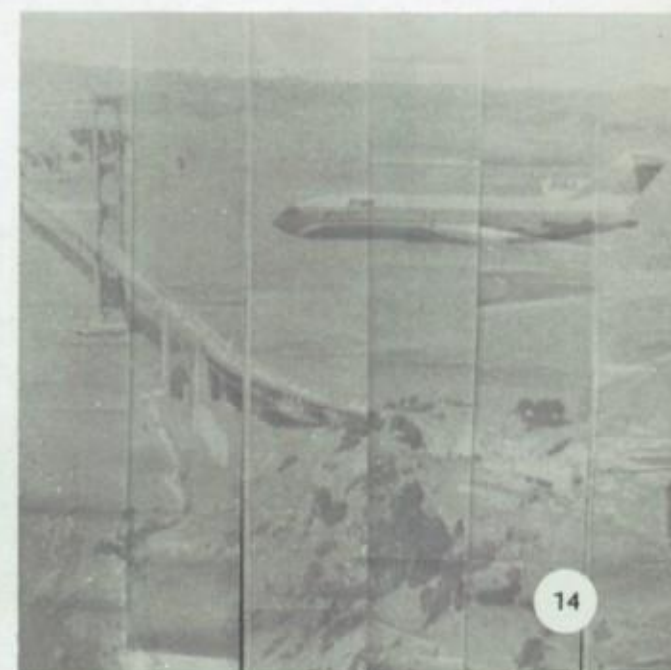

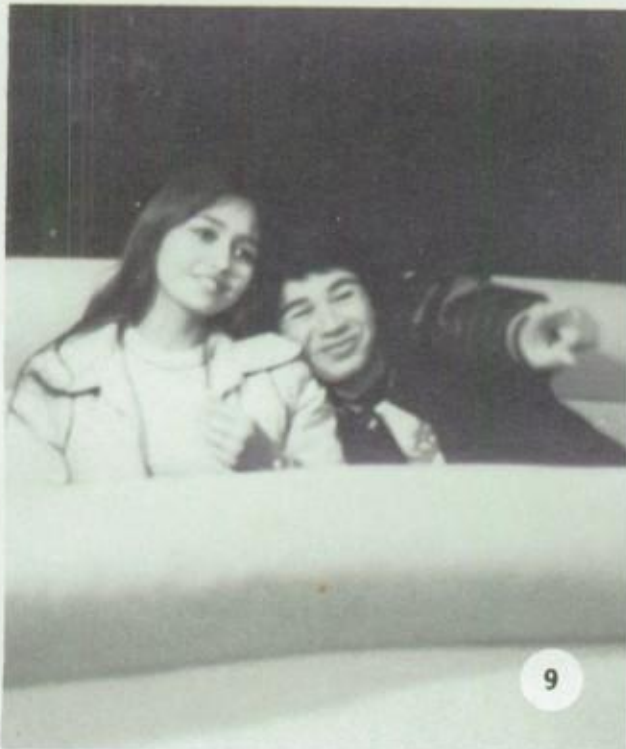

Whether you enjoy working with woods or metals, working on or playing with computers, or just gazing at the stars, CHS has something for you! Metals is a class where students melt metal and design belt buckles, license plates and other metal objects. In woodworking furniture such as chests and bookcases is made. Computer science teaches the fundamentals of the computer and its many uses. Learning about the stars, constellations, the Milky Way and other heavenly bodies is always fun in Astronomy class.

Here is an example of the type of pictures a computer can do.

"Hi ho, hi ho! It's to the play we go." **Snow White and the Seven Dwarfs of the Black Forest** was only one of the four plays Mummies produced this year. This drama club produces at least three plays a year and already they're working on their fifth play! Other plays have been **Beginnings**, **Hope Is A Thing With Feathers**, and **The Tenth**. In addition to performing, members of Mummies work the lights at the Civic Center for various community activities such as City Spirit.

Arghhhh! Latin is full of all of these things; it's the basis of most languages. Even our language is full of Latin-based words. Though learning Latin takes self-discipline and perseverance, it can also be a lot of fun. Every year Latin Club members hold a variety of events. They start the year with their annual candlelight installation. Then they have parties

Halloween parties, Christmas parties, and parties for any occasion they can find an excuse for having. Another annual event is the Spaghetti Supper and Mr. Rome contest. Mr. Rome is chosen from a number of toga-clad nominees. Mr. Rome then competes in state and national competition. Then there's the Roman Banquet where first year Latin students are bought and sold as slaves! Who says Latin is dead?! A Club Like No Other

hórale ...

...ése vato

Spanish Club has a "different" reputation here at CHS. Is it a civic club? No! Is it a community organization? No! How about a social group? Well, maybe you could list them as that. Really this club is here to have a good, clean fun. Spanish Club mostly consists of Mr. Partido's Spanish classes, but anyone can join. As you can tell, their main event of the year is a Christmas pizza party. They get together during "A" and "B" lunches to chow down and pick fights with Mr. Partido. If anything, they do learn one thing. And if you've ever had Spanish, you'll never forget this question either ... "Está Susana En Casa??"

(Above) Officers who lead this mafia under the direction of "Tommy Baby" are Vice-President, Edward Hinojos; President, Terry Navarro; Secretary, Sylvia Sanchez; and Treasurer, Norma Navarrete. (Center) Playboy of the year is none other than Mr. Partido himself. (Top, right) Terry Navarro, Billy Jimenez and Marsha Sandoval share a few laughs about Mr. Partido. (Must have been a good one!) (Right) Even for these Spanish members the chili seems to be just a little hot. (Bottom, right) Yes! This is them. The people to watch out for, because they're watching you. Members are Matilda Calderon, Sylvia Sanchez, Linda Juarez, Martha Mejia (Center) Teresa Ybaben, Olga Juarez, Veronica Martinez, Doris Moreno, Ramon Mendoza, (top) Edward Hinojos, Norma Navarrete, Clair Franchot, John Padwick, Larry Gonzales, and Vickie Johnson. White House-Bound

Have you ever wondered how to make it to Boys or Girls State? These people went to Mr. Leyva and said, "Hey! I'd like to be considered!" Next sign up and get your friends to go and vote for you. Once you're elected you receive information about the trip to Roswell. By the time June comes around, you're set and on your way to NMMI where you'll meet new people and learn about New Mexico politics. Political positions are open for students to seek election. Chris Bass ran for President Protem of the Senate and was elected. Jonella Jordan successfully filled the position of Justice of the Supreme Court. Francis Paneral and Randy Romero took charge as City Councilmen and Richard Najera as County Commissioner. MaryAnn Hayes did a great job as Municipal Judge, and as Majority Leader, Benny Anaya came through with flying colors.

(Top, left) These dedicated staters are (bottom) Randy Romero, Brenda Juarez (middle) Alvie Kinaman, Jonella Jordan, MaryAnn Hayes, Linda Juarez (top) Richard Najera, Chris Bass, Benny Anaya, and Francis Paneral. Rika Guye, Rhonda Gomez, Ty Crews, and Valerie Guevara were originally elected to go, but because of Cheerleading Camp they couldn't make it. Thanks to Brenda and Linda they were excused. By the looks of things, some people just didn't understand. (bottom, left) Just a few camera hogs that decided to hang around for more pictures.

What's Cavemen Guard? That's what many students have been asking. It's a 50 member club of swimming instructors and lifeguards. They teach swimming lessons to all the public school students. Their purpose is to serve the community and promote water safety. This year they had a swim-a-thon to raise money for the Red Cross and for new safety equipment. Work is not everything for this group. They had a Halloween costume party and a formal Christmas party.

We Have The Key To Success

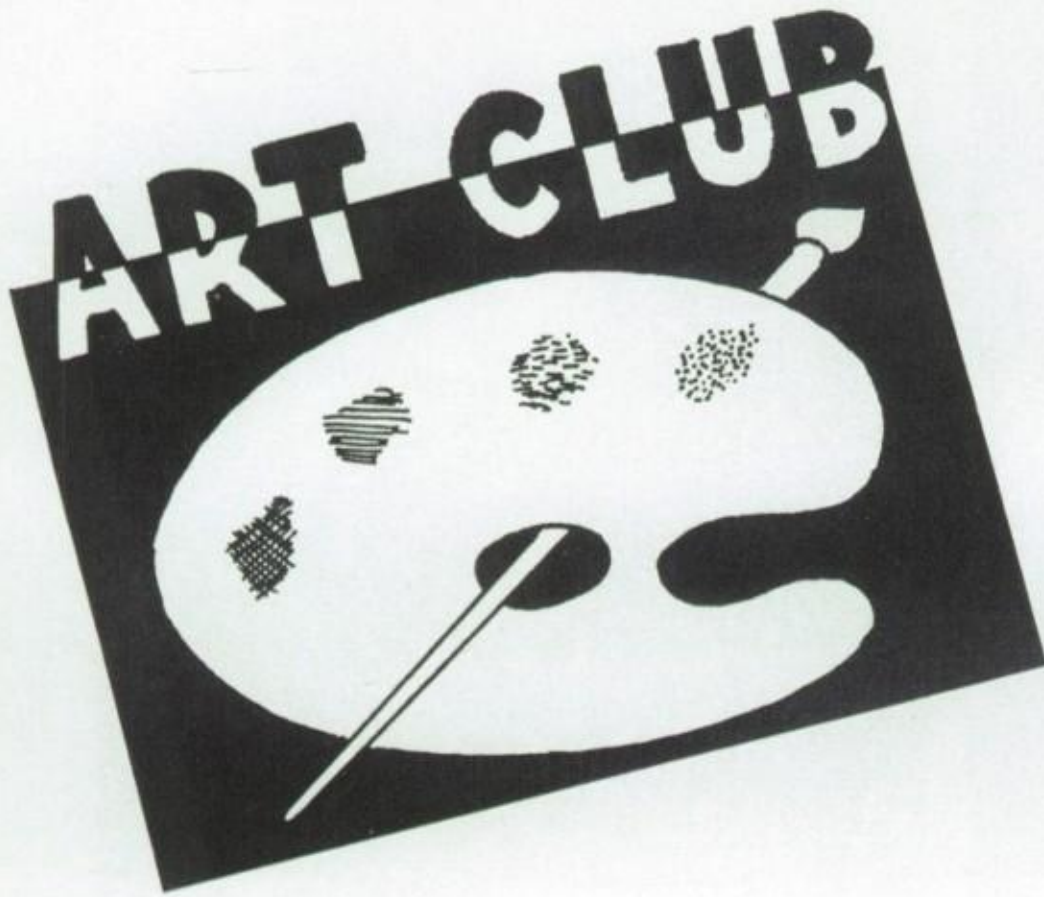

If ever there was a club to be in, this one HAS to be it! Kiwanis Educated Youth and their sponsoring Kiwanis get to know each other on a person-to-person basis. Each Friday afternoon a few members are invited to lunch with the Kiwanis. At Key Club's weekend woodcutting trip they were able to spend the night up in the mountains. They also went to Las Cruces for a Training Conference to learn more about Key Club. Officers have tried to start a club in Hobbs and will try to do the same in other towns. The biggest function members look forward to is the Key Club Convention on April 15, 16, and 17 in Phoenix, Arizona. Here other clubs get to show off their talents, Key Club scrapbooks, and reports of what they've done. During Convention, officers are elected for District and International levels.

What does it take to be a yearbook member? Raw guts, determination, loyalty, hard work, too many work nights, and a bit of pure zani-ness!!! Deadlines never seem to cease; editors seem to always to be yelling. Then suddenly, all pictures have been cropped; all copy has been written, and all layouts drawn. A feeling of accomplishment, not to mention relief, is felt. The book is complete. Glancing through the pages you hear cries of, "That's great?" "There's mine!" "Good job!" "It's all over."

Pow Wow . . . It's Newsworthy!!!

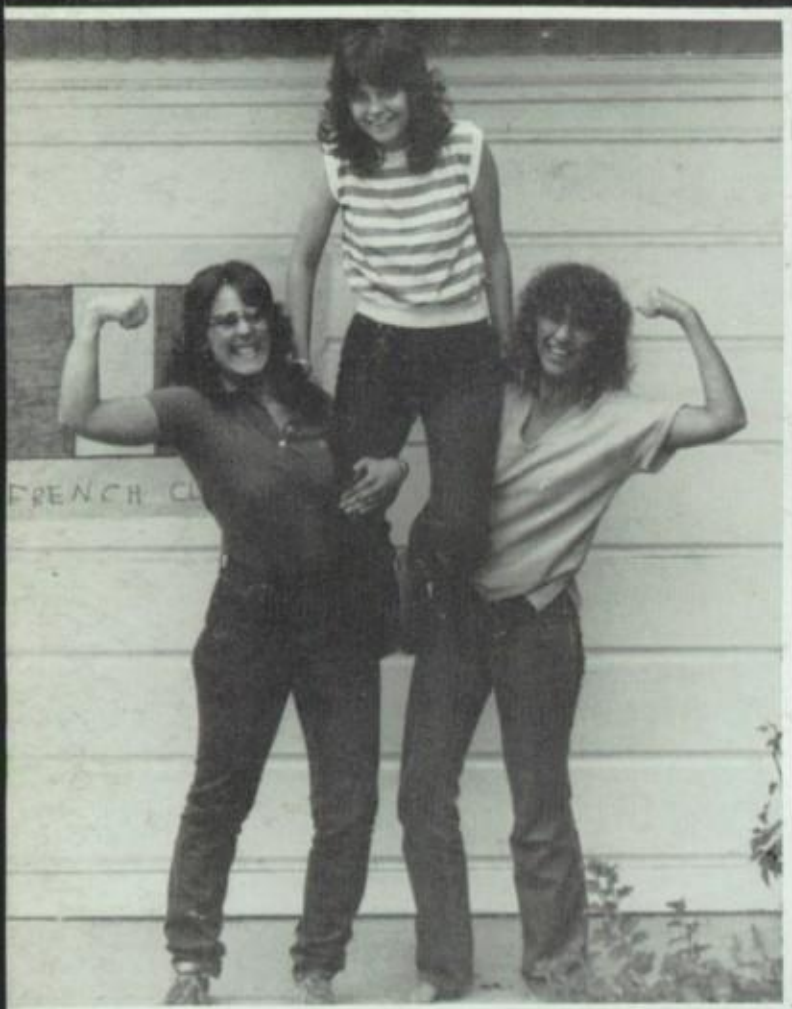

If you have ever wandered into room 5 during fifth hour, you have probably wondered if you had walked into a mad house. Reporters are reporting; typists are typing, and the editors and Mr. Grimes are about to cry. Somehow, though, despite the delays, Pow Wow seems to reach us.

French Club

What are they saying?
Photos: Manuel Anaya Copy: Rhonda Gomez

Does Paris, France sound like a good place for a vacation? French Club thinks so! This year they'll be able to show off their language ability and have a great time doing so. They've been raising money since last year, selling candy, caps, and working at the concession stands during the games. So, if a French Club member needs your money, don't be afraid to buy. Just think! You'll be able to say, "Bon Voyage!"

(Facing page, left) This year, as you can tell, we have a really **"strong"** group of officers. They include Stacey Hoffman, Vice-President; Angela Valenzuela, Secretary and Reporter; and Jackie Carrigan, President. (top right) I don't think they're too sure what they're saying either. A scavenger hunt was held at Jackie's house and the list was written in French. Here they are trying to figure out what they have to find. (bottom left) This group hopes someone will be able to give them what they need. Sniff! Sniff! No one must have been home. (left) This group plans to go to France in style. Sponsor, Mrs. Horn. Student Council: Taking Charge?!

Taking charge! That's exactly what this year's Student Council seems to be doing. They started off an active year by sponsoring a clothing drive for Grants County who was suffering a 40% layoff in the copper mines. Student participation was overwhelming - over 4,000 articles were collected! As a reward for the most donations, Student Council gave a party to 1st, 2nd and 3rd place homeroom winners. Homecoming week, with its theme of Shangri-La, started with a bang with Elementary Dress-up Day. Music Day followed where individuals dressed up as their favorite music. Super Hero Day followed. On Tourist Day the courtyard was filled by a number of students going to "Hawaii or Bust". Of course, on Homecoming Day everyone dressed up for the queen's coronation and for the class reunion of 1947-1956. The day ended in great success for the Cavemen with a 26-6 victory over the Lovington Wildcats. (right) Is that what Seniors have gone to school for 12 years for? The 1982-83 Cavemen football team believe that "Practice makes Perfect." Workouts take place sometimes once a day or sometimes twice a day. This philosophy allows the Cavemen a good chance for State. The season began with a 4-1 record. During this time, Cavemen worked to perfect the two point conversion. This season promises to be quite exciting!

"I feel great about the summer-spring training program," says Head Coach David Church. "I feel it has paid off quite well because the program allows the football players to play without the fear of injury. Consequently, the Cavemen have a better chance than most teams to take State this year. Not only does training play an important part in our program, but also knowing our school supports the team increases morale and self-confidence. Pep assemblies really help the players realize that their school is behind them. Pride and self-discipline, as exhibited by our team, result in a winning combination."

Varsity Cheerleaders

The 1982-83 Varsity Cavemen Cheerleaders! Under the direction of Patricia Strecker, the girls boost spirit in our school and create enthusiasm for the teams they support, including football, basketball, baseball, volleyball, cross country and J.V. games. Cheerleading has an added dimension . . . that of a sport. Each girl has a personal exercise routine designed to improve stamina and flexibility. The Cavemen Varsity Cheerleaders will attend North/South, State Cheerleading Competition in the spring. The competition is tough, but these girls plan to bring home the gold!

There's Only One Way To Play

The Carlsbad Cavemen Way

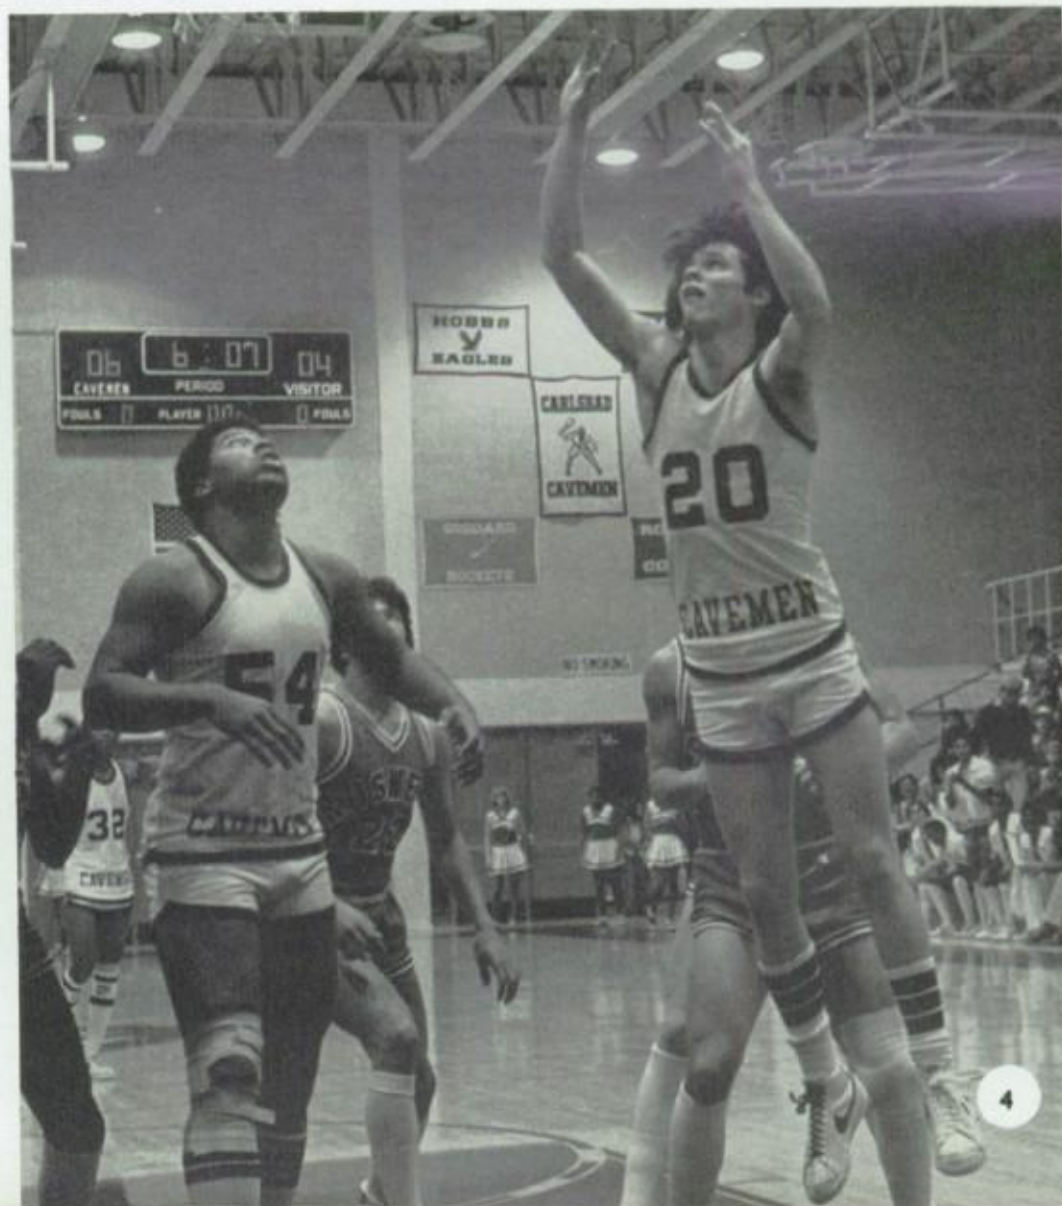

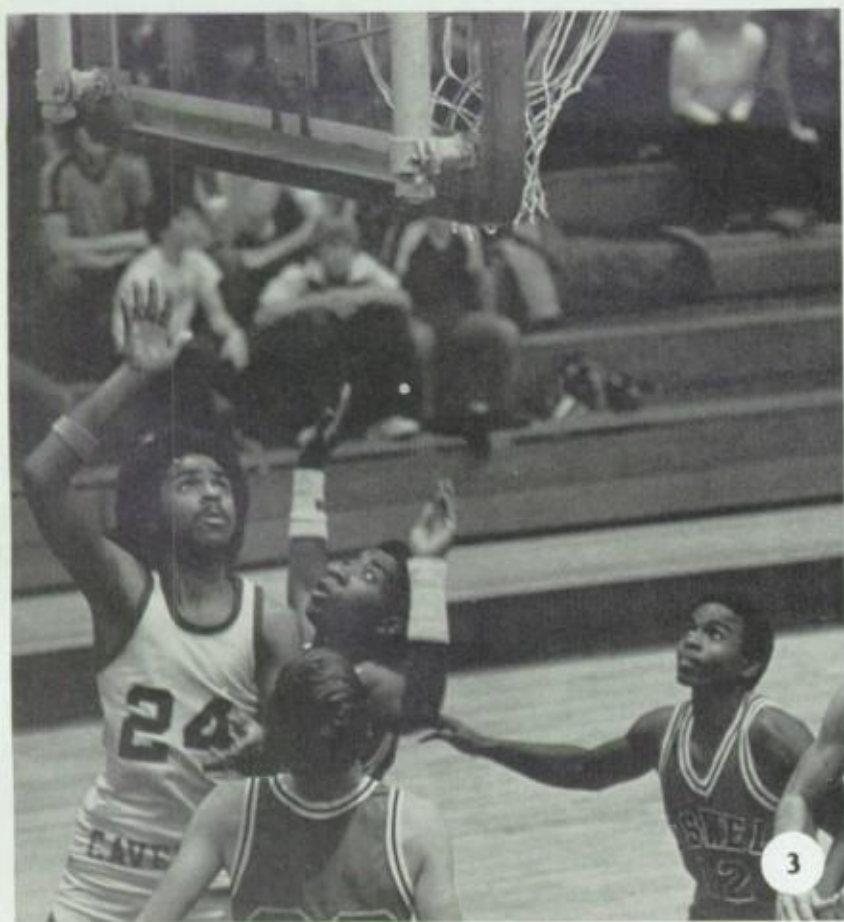

The Carlsbad Cavemen started off the year with seven victories! When they attended the Clovis Tournament, they won one and lost two. The game against Lovington resulted in a Cavemen victory of 88-72. When we tangled with Roswell, the score was 92-69, with a Cavemen win. Come on Cavemen, Let's take State!

Center Court Center Stage

The game of basketball is made up of lay ups, free throws, passes, pivots, and strategies. It takes years of hard work to develop these skills, and girls who work the hardest make the team. Under the coaching of Fred Bloss, the Cavegirl Basketball team came alive with ambition, spunk, and power.

The Pressure Is On

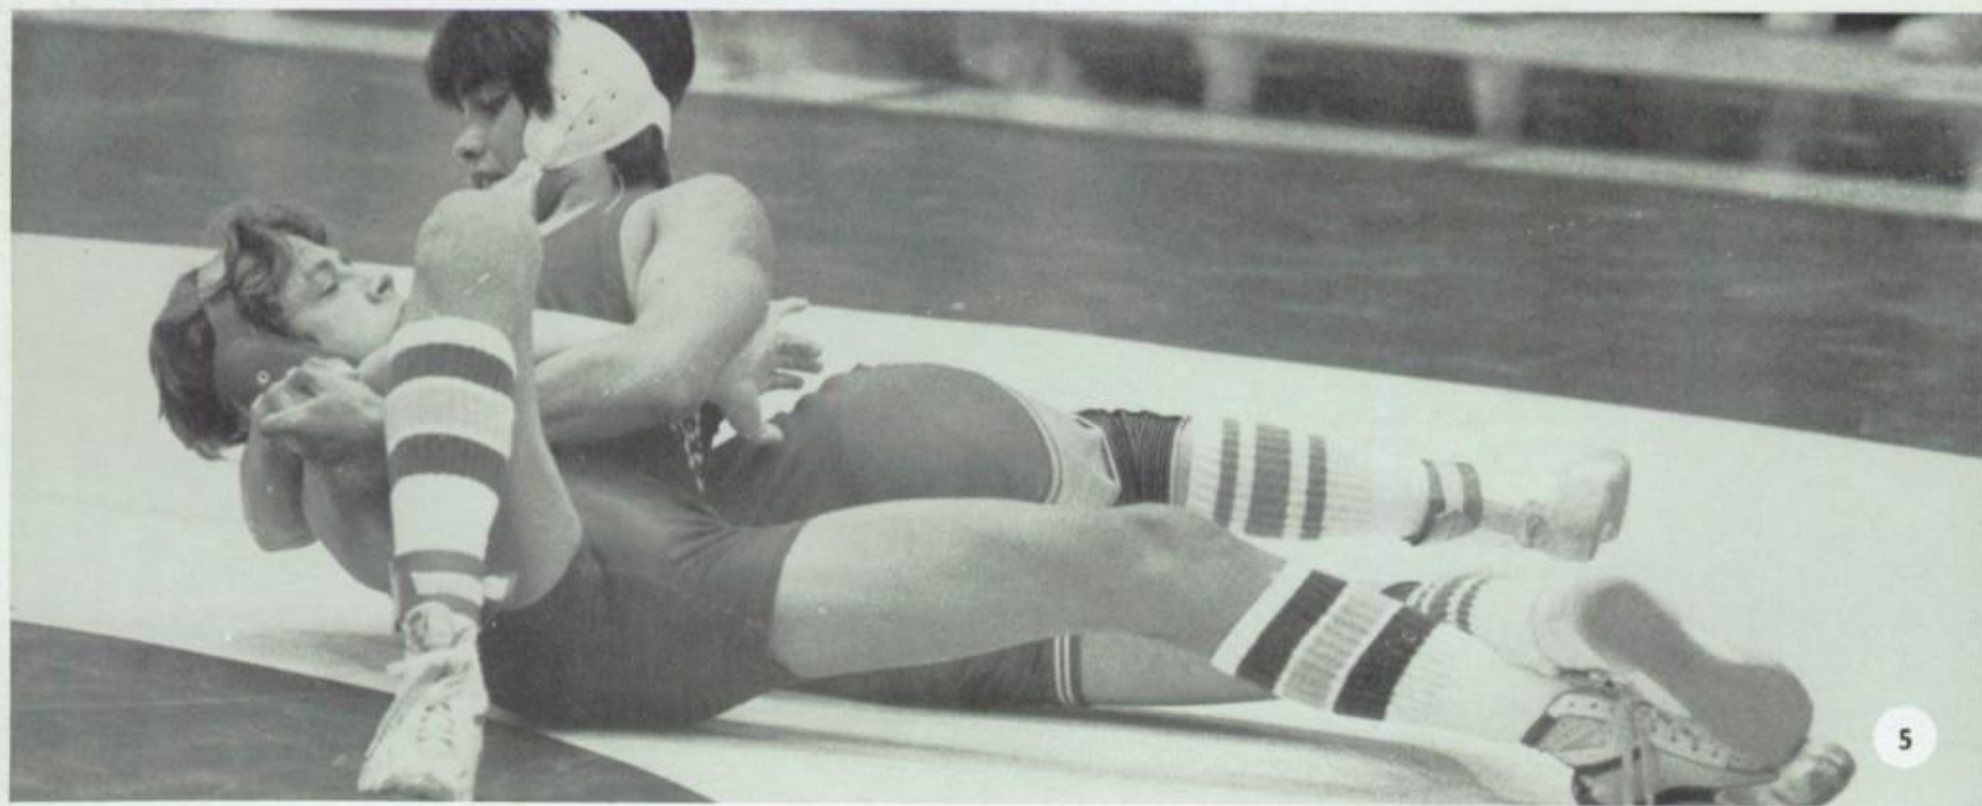

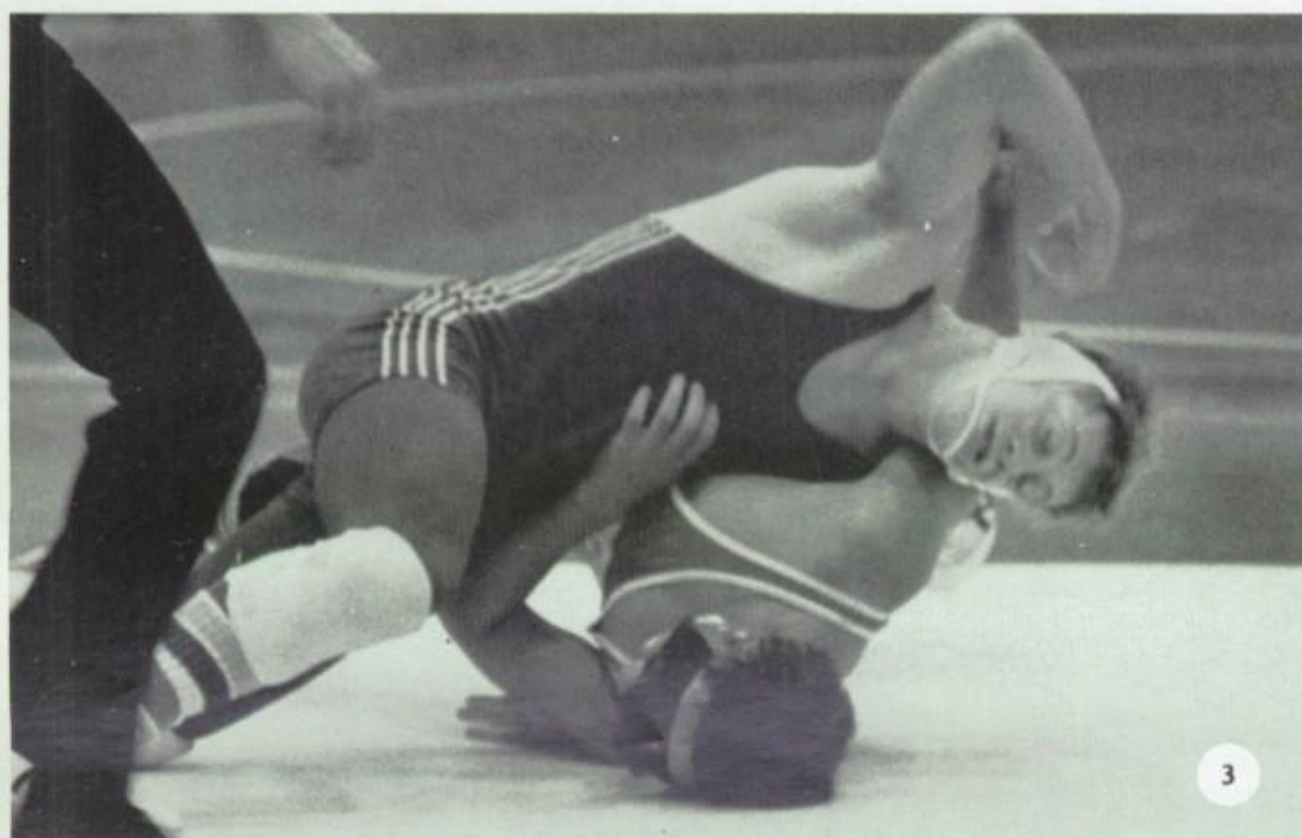

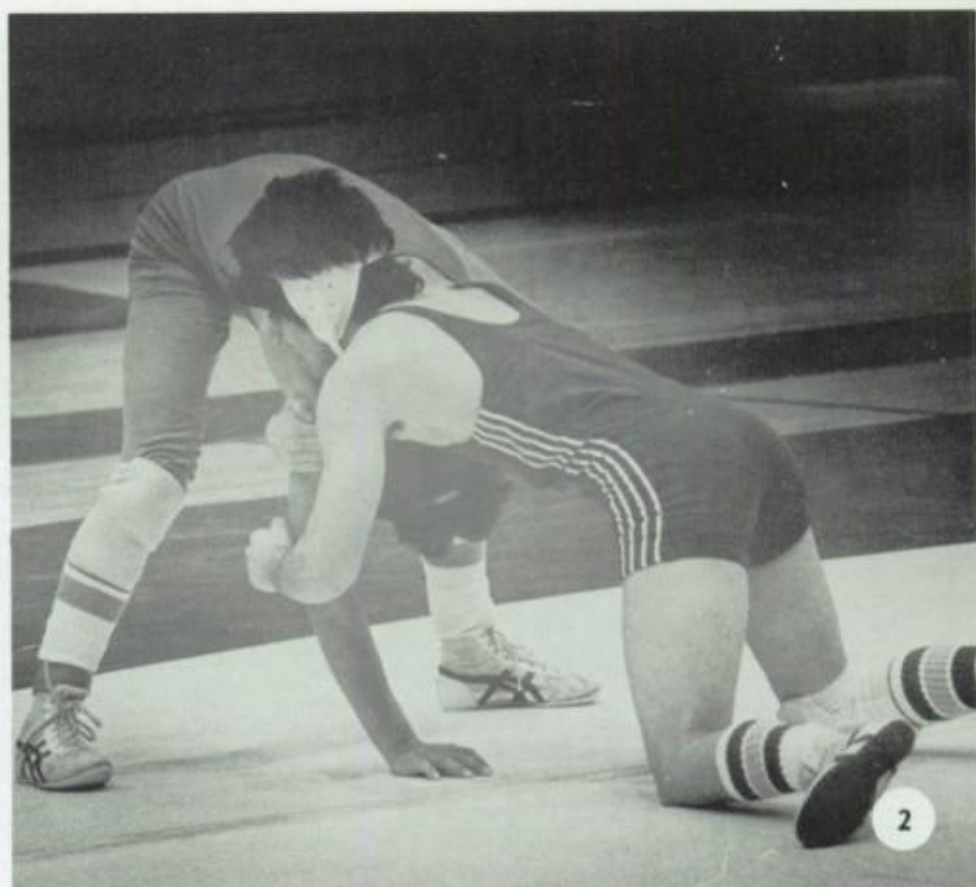

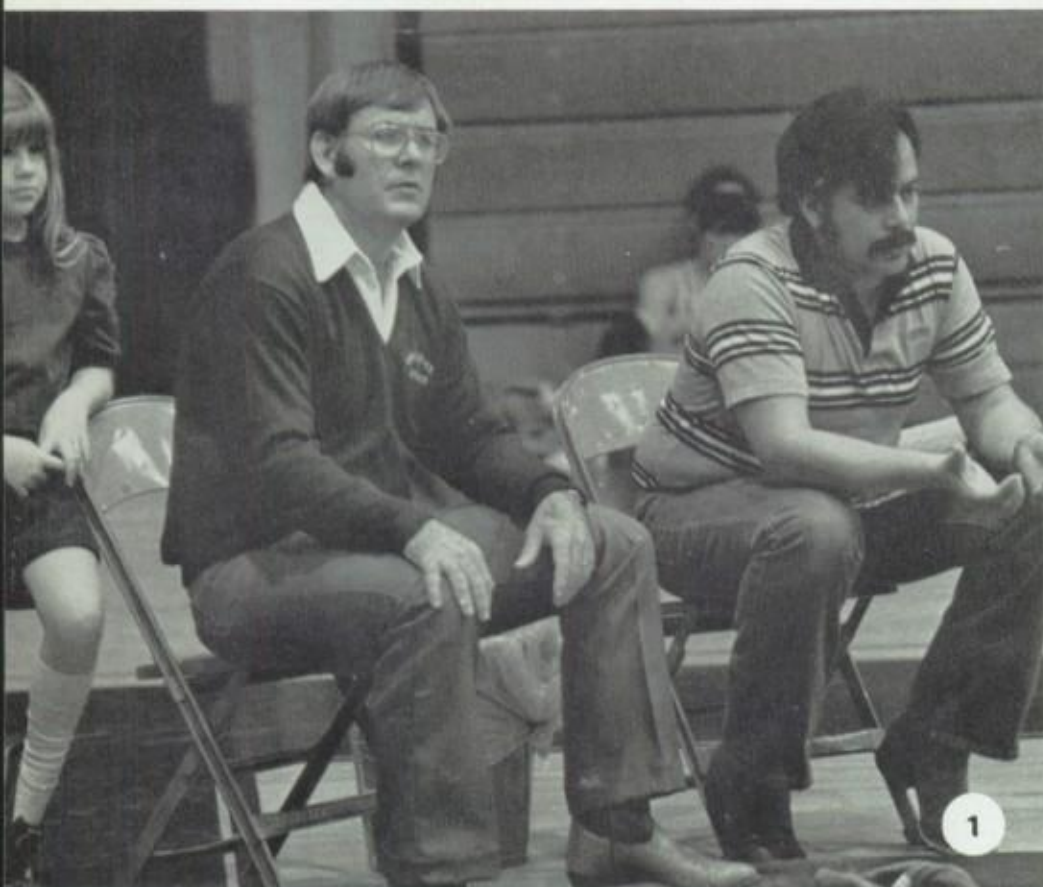

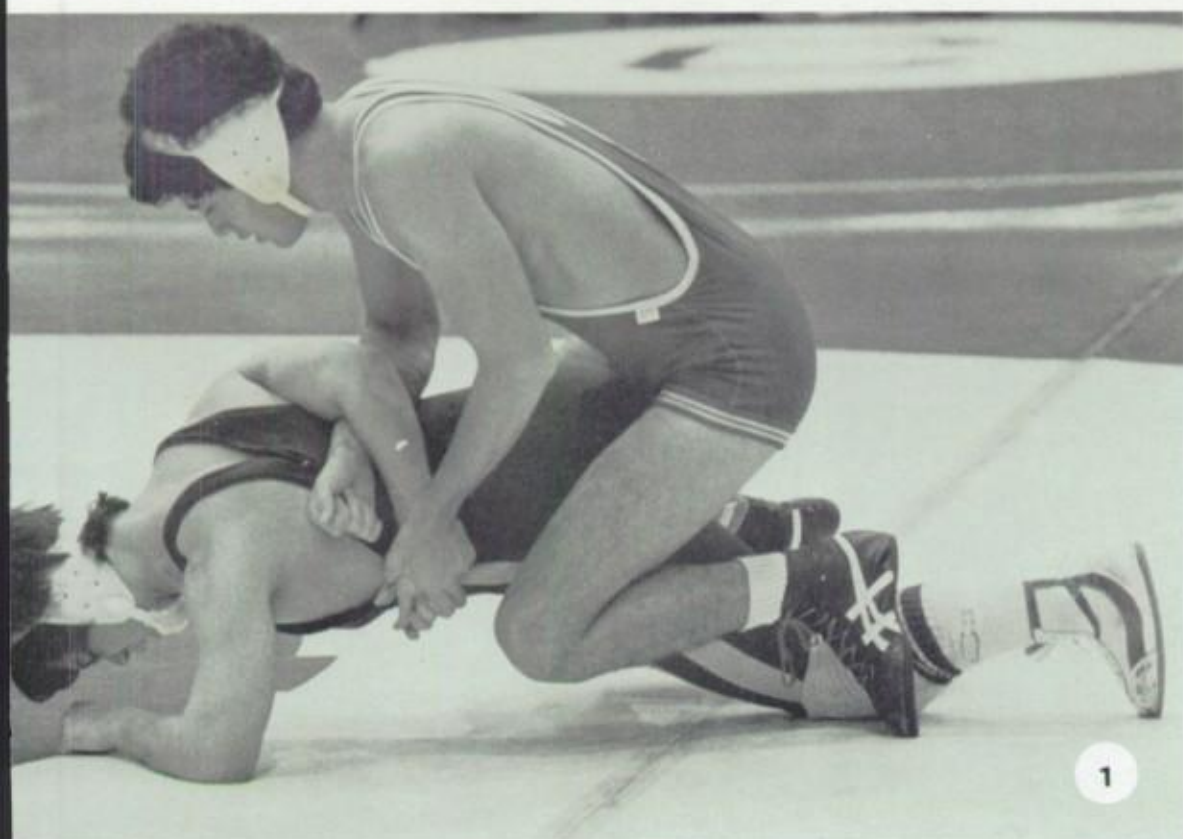

The Cavemen Wrestling team is at it again! The wrestling team has always performed well in meets all over the state. They have won District for the past nine years and have placed regularly in state competition. With a relatively young team this year, Coach George Frederick and his assistant, Coach Robert Ortiz, have done another outstanding job with this new horde of grapplers. The job however, was not easy; the inexperienced wrestlers relied on the few seasoned veterans to help them to train, to win, and to accomplish their dream. The wrestlers are undergoing constant training, be it running, weight lifting, or starving themselves to make weight. The wrestlers give it 100% throughout the season.

Serving Excellence

All sports, regardless of nature, require an application of concentration, finesse and co-ordination. Very few sports, however, require more concentration and physical endurance than the game of tennis. The Cavemen have applied a fluent knowledge of the tactics involved in this grueling game over the past year. With cunning ability and unmatched accuracy, these young people have achieved victory with excellence. This year's athletes have more on the ball than those of many seasons past. As in all sports, one determining factor of success is luck, and this year's Cavemen Tennis Team must surely define luck as a combination of hard work and opportunity.

Making Tracks

Last year the Cavemen Track Team had three state qualifiers, Wade Locklear in the javelin, Marvin Gates in the long jump, and Jeff Shorter in the discus. Out of the three, Jeff was the only one to place for the team with a third place in the discus event. Shorter, now a junior, along with other junior superstars like Grant Willis, Chris Lara, and Lonnie Goad, will lead the team to another successful season.

Cavegirls Keep On Trackin'

In the words of the illustrious cat-poet, Garfield, "A runner is a person who has a passion for pain." If he is right, than a lot of girl athletes are extremely happy this year because every day, rain or shine, they are out on the track running, jumping, vaulting, hurdling . . . and hurting, but enjoying every minute of it. Take for instance, Robin Deeds, whose passion is that of a long distance runner, better known as one who tests her own physical stamina for endurance. Then there is Terri Allen who reaches into her innermost self to strive for quickness and long jump distance. And, how about Stacy Hoffman, the resident shot put and discus expert, who has been called "outstanding in her field event". Track consists of competition, and these girls do compete against others, the odds, and their own physical endurance. Whatever the passion, girls track has a place for it.

1. Valerie Baza works on height to run hurdles. 2. Robin and Nancy warm up. 3. Cavegirls on the go. 4. Homecoming!!!

Homecoming week began by digging out clothes of elementary days gone by. The next day we were drumming into our favorite music. Look! Up to the sky! It's a bird! It's a plane! It's super hero day!! Aloha! Our favorite tourists attended C.H.S. for tourist day! Surely this wasn't the same place?! A drastic change took place in the student body of C.H.S. who were dressed as perfect ladies and gentlemen. The traditional homecoming parade made this a week to remember.

1. Lisa Lackey packed her bags to go to Hawaii for the weekend. 2. Kim Price says ALOHA! 3. Felicia Dorado ahh my fans! 4. Loverboy in concert. 5. Hard at work on the senior float. 6. California, here we come. Facing page: 1. Rika Guye and Rhonda Gomez future Go Go's. 2. Politics are in the posters. 3. Richard Najera this bud's for you!. 4. Let's have a lawn party. 5. What Senioritis? No way! These Seniors are having too much fun getting "involved" in various activities . . . The blood drive for the Ronald McDonald House, assemblies, float meetings, and also different club meetings that they attend. They have no time for Senioritis, not yet anyway! Left page: 1. Tom Erickson wonders, "Maybe I don't want to get involved?" 2. Sherry Hollis is still a kid at heart. 3. Gene dreams of peeking in the girls locker room. 4. Zenith, Ty and Vicki Wonder where Mary Ann gets her energy. 5. Splish, splash. Yvonne teaches a class! Right page 1. Sandy and Richard are full of Senior Spirit! 2. Ruth can't wait till the cookies and orange juice afterwards. 3. Billy Hickman gives Mr. Chavez a taste of his own medicine. 4. Manuel Anaya and Ralph Vasquez won the wheelbarrow race in the CHS pond.

Juniors Set The World On Fire!

These Juniors set the world on fire at CHS. They were elected as class favorites in the following categories: Most Spirited- Dean McAlister and Gladys Williams; Most Conceited- Jimmy Townley and Kelley Sloan; Most Friendly- Katie Antiporda and Raymond Peters; Best Athlete- Chris Lara and Beverly Gonzalez; and Biggest Flirt- Tia Lewis and Allen Dickerson.

Dean and Gladys spice up the junior spirit. (2) Jimmy and Kelley haven't quite come to grips with their election. (3) Is Katie getting ready for a "Friendly" embrace with Raymond or is she going to "collar" him? (4) Ready to douse the junior fires are Raymond, Dean, Chris, Beverly, Tia, Allen, and Sparky the Fire Dog. (5) Chris and Beverly are exhausted from firing up the junior sports. (6) Allen and Tia have trouble keeping their hands off of each other as well as everyone else.

The Good, The Bad, The Ugly

What's it like being a Junior? It's like being caught up in a wonderland where there's no turning back, but there's a fear of going ahead. At the beginning of the year, you seem to be fine, but by Christmas time you're struck with an early case of "Senior-itis".

By March you've got your class ring and you're happy the Seniors are leaving. Looking back, you realize things weren't so bad, and you're ready to move up!

Just What You Would Expect . . .

... Sophomore Class Favorites!

Just what you'd expect Sophomores!! Sophomores, the zany, wonderful students of C.H.S.! They're full of spirit, unusual pranks, and enthusiasm. Class favorites selected for the Class of '85 this year are as follows: Most Friendly-JoAnn Bustamante and Junior Reyes; Most Conceited-Sherley Heaton and Larry Fernandez; Biggest Flirt-Margo Brown and Keith Johnston; Class Jock-Joe Vasquez and Tammy Mitchell; Most Spirited-LaGina Scholl and Kenny Groves.

(1) What's this? Are these victims of a local disaster? No, they're merely sophomore class favorites! Kenny Groves and LaGina Scholl as "most spirited" try to arouse Joe Vasquez who needs oxygen to maintain his position as "class jock". JoAnn Bustamante, always "most friendly" and helpful, assists the "prone" victim. On the other hand, the leg splint seems to have affected Junior Reyes' "most friendly" attitude. Tammy Mitchell's "braced" for action as "super athlete" while Shirley Heaton and Larry Fernandez check the rise in their blood pressure when they received "most conceited". Margo Brown and Keith Johnston, in their role as "biggest flirts", court with disaster on top of the ambulance. (2) Junior and JoAnn "practice" being friendly. (3) Margo and Keith blast off to flirt with another planet. (4) Joe and Tammy may need to use their athletic skills when they climb trees! (5) How could Sherley and Larry be conceited when they act like this?! Kenny Groves and LaGina Scholl, "most spirited," not pictured.

Cavemen Challenge

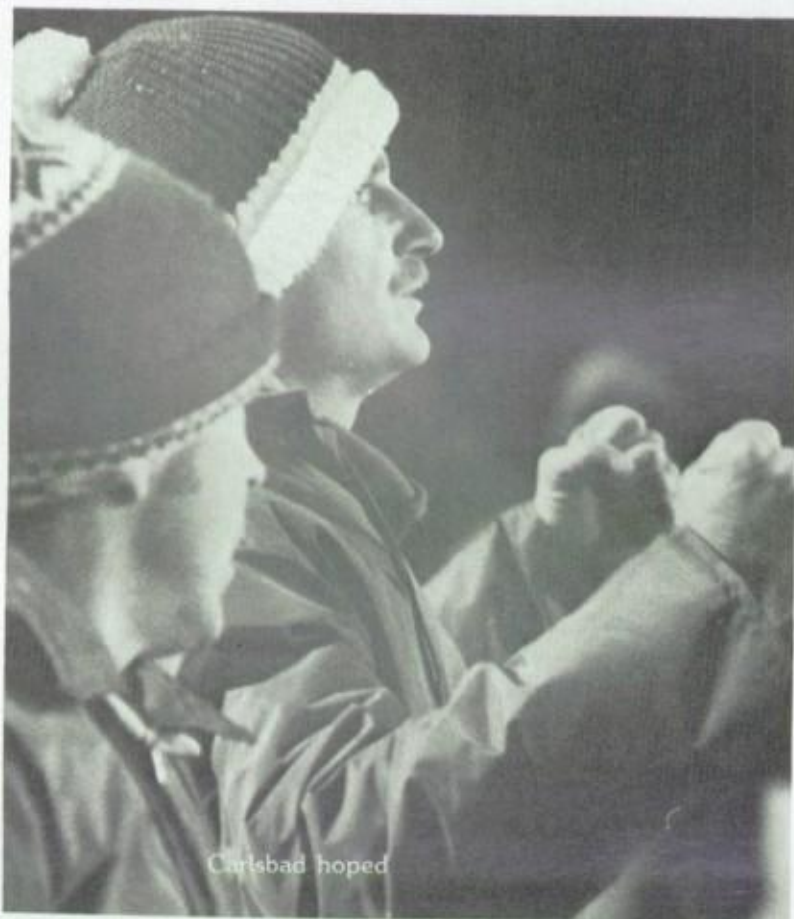

The Cavemen Football team made the news this year and it wasn't just the sports section. At the end of the regular season play, Carlsbad found itself in a three-way tie for first place with Clovis and Hobbs. In accordance with rules concerning a tie, a vote was held. The result: Carlsbad was voted out of the state play-offs.

Carlsbad fans were shocked; on paper, the Cavemen were far superior to either team. Deciding that a grave injustice had been rendered, Dr. Roger Harrell and Coach David Church flew to Santa Fe and filed an injunction to postpone the play-offs to find an alternative that would allow Carlsbad and Belen, another school who had been treated the same way, to play. The state court in Santa Fe denied this injunction.

The two then presented the New Mexico Activities Association with a bracket that would al-

low both teams to enter the play-offs during the second week of play. The NMAA turned this proposal down, saying that all procedures had been followed.

Things looked dismal to Cavemen fans. As a last resort, Carlsbad representatives and their lawyer appealed to the State Board of Education. The board overruled the NMAA, saying that it would be in the best interests of the athletes of Belen and

Carlsbad if they were allowed to play.

Carlsbad fans were ecstatic! Under the provisions of the State Board's ruling, Belen and Carlsbad would play a Sunday game with the winner to advance to the quarterfinals.

A huge caravan of Carlsbad fans traveled to Belen to support the Cavemen. Preceding the game, fans were greeted by the school superintendents of both towns. At the end of the game, the score was Carlsbad 36, Belen 7. Despite (con't. p. 205)

(con't from p. 204) their loss, Belen fans went out of their way to wish the Cavemen good luck, saying, "Take state-we're behind you all the way!"

But everything was not rosy. Cavemen quarterback Jimmy Townley broke his collarbone as he dove into the endzone to score the final touchdown of the game. Throughout the state, people were bitter about the Cavemen victory. Other state contention teams were upset about the way the play-offs had been rearranged.

On a stormy Friday evening, the Cavemen invaded Alamogordo. The stadium was plastered with poster saying negative things about our team. Two good teams in a "must win" situation; only one could. Unfortunately, victory belonged to the Tigers that night. A glorious season ended. But the Cavemen are to be

commended for seeing it through, for never giving up. For this, they are true champions.

Editor's note: Throughout the controversy, certain people throughout the state cited Coach David Church and Dr. Harrell as setting a bad example for our students; according to these people, our athletes were being shown, by example, to expect to be exceptions to the rule.

It is our opinion that these men set a fine example; they believed that their team had been dealt a grave injustice and set out to rectify the situation. This case shows that rules are not perfect, nor are they insurmountable. The example to remember? Do not accept that which you know is wrong; pursue the matter as far as you have to: Justice will be served.

King And Queen Hold Court

Roses Are Red.
Charms Are Taboo.
Osby And Carol,
This Homecoming's For You!

This year basketball homecoming was one that everyone will remember. The queen was presented with roses instead of charms. The Swing Choir set the tone for the assembly by performing a medley of "easy listening" songs. Following them with great precision was the Color Guard who demonstrated their drilling skills. The assembly ended in a humorous fashion with a "little red wagon" parade.

When we were children, the magic of Christmas was the eager anticipation of the arrival of Santa Claus. Through the years, something more meaningful has come to replace the materialistic thrill. As we mature, Christmas becomes a time of brotherly love, a spirit of generosity, a feeling of "goodwill toward men". We have tried to preserve for you the spirit of Christmas in Carlsbad.

Do you remember our arrival at CHS? Lowly sophomores
Of the first such class ever to occupy these rooms,
We stepped timidly, so as not to disturb the seniors
Of whom we were in awe. Now, as graduation looms
Around the corner, we reminisce of the years that passed
So slowly-slowly, it seemed-until today.
Did you know that the boy with the pet frog had
Such deep blue eyes? Or that the girl who could play
Baseball better than the boys would one day steal your heart?
How cruel we were to those who were different than we!
Those very characteristics that once incurred our ridicule
Are now labeled "unique," giving that person a quality
The less secure of us attempt to imitate.

The challenge unfolds before us now. As we go our
Separate ways — marriage, college, career — it is understood
That we leave with the desire to better ourselves and
Our world, on this, the epoch of our adulthood.
Uncertainty lurks in every corner, behind every door.
The choices are endless. Opportunity shows itself
At every glance, and each decision becomes more
And more momentous. As we make those decisions,
Slowly building a niche for ourselves, let us recall
The Golden Rule and being aware that all
Wrongs will someday be requited, adjust
Our behavior accordingly.

We will scatter now — like seedlings in the wind —
The roots of love planted in the gardens of friends and
Amnesty in hearts where hatred had once been.
What will become of us? **We** must make the choices
That bring success or failure. The options are
Ours. But for today, let us lift our voices
To sing of our Alma Mater, Carlsbad High School,
The Lady to whom our loyalty binds.
Our hopes and dreams were here nurtured:
May she live immortal in our minds.

Jack,

I'm really glad we
got to know each other. It
was fun having you for
History. Well you'll be
graduating and hitting the
big times, but be care-
ful anyway. It's a crazy
world. Have a good summer.
Good Luck with whatever or
whomever you choose to get
involved with. Keep in Touch.
Friends Always.

Jazo.

Jack - I hope you have
great success in your life. When
you are a famous stand up comedian,
please don't tell stories about your crazy
high school English teacher. Or if you do,
don't mention my name. God bless you.
Your friend
Patty Stricker

Jack,

What a wild and crazy guy
you are! I had alot of fun with
you this year in speech & tennis.
Remember the Albuquerque Trip, we
had alot of fun! Especially with
the Cheese Spread! Boy was Steve
Pizzaro in trouble for a while.
Gary almost injured him bad. Good
luck in the future you'll be a
great stand-up comedian. CHS is
going to miss your Classy Style
Keep in touch!

Love
